

Keeping Students Safe Online

Free for all families

■ Hello Parents,

Your school uses **Securly** to keep students safe on their school-issued devices. As part of that commitment, all families have free access to the **Securly Home app** — giving you visibility and controls over your child's school device when it comes home.

Get Started in 3 Steps

1

Download the Securly Home App

Available free on the Apple App Store and Google Play Store.

2

Open the app and tap Login

Enter the email address registered with your child's school, then tap "Get instant access".

3

Check your email

Click the sign-in link Securly sends you. That's it — your account is ready.

Get to Know Your Securly Home App

Navigate and explore different insights into your child's online activity.

■ Stories

Quick highlights of what your child has been up to online, updated every 24 hours.

■ Activity Feed

Real-time view of your child's browsing — sites visited, searches, and videos watched.

■ Flagged Activities

Alerts for activity indicating self-harm or bullying on your child's device.

■ Rules

Block categories like social media or gaming on the school device when it's at home.

■ Offline Schedules

Set times when the internet goes off automatically — perfect for bedtime or dinner.

■ Pause Internet

Turn internet access on or off on the school device with a single tap.
